239lb/ft. to 307lb/ft.

\*with standard pulley supplied

**MSRP: \$6,955** \* AUD incl. GST  
+ installation

\* Pricing subject to change without notice and  
subject to applicable taxes

Available for:

2012-2014 3.6L V6 Pentastar engine Jeep JK Wranglers

### Features:

- > Uses the ultra efficient S5-335 screw compressor which provides a denser charge, creating more power and torque.
- > Robust OEM style moulded automotive glass filled nylon, offering reduced weight and much improved heat soak characteristics.
- > This system increases torque available at low rpm, allowing the use of taller gears for crawling and highway use.
- > High efficiency water to air intercooler incorporating Laminova® tubes optional.
- > Suitable for a standard vehicle without the need for any additional upgrades.
- > C.A.R.B. approval in progress.
- > Flash tuner included. Programmable for vehicle variables such as tyres and gear ratios
- > No cutting or welding of standard body or frame components (completely reversible). Fits under stock hood.
- > No external oil lines to add as the compressor has its own internal oil supply.
- > Fully integrated supercharger system (not a self assemble kit).
- > Estimated installation time of 6-8 hours.
- > Manufactured under ISO9001.
- > Sprintex system parts are warranted for 12 months or 12,000 miles / 20,000Kms.
