2007-2011 3.8L V6 engine on Jeep JK Wranglers

Features:

- › Uses the ultra efficient S5-210 screw compressor which provides a denser charge, creating more power and torque.
- › This system increases torque available at low rpm, allowing the use of taller gears for crawling and highway use.
- › Suitable for a standard vehicle without the need for any additional upgrades.
- › Fully integrated supercharger system (not a self assemble kit).
- › CARB approval in progress.
- › 2007 - 2011 3.8L V6 engine on Jeep JK Wranglers.
- › No cutting or welding of standard body or frame components (completely reversible).
- › Fits under stock hood.
- › No external oil lines to add as the compressor has its own internal oil supply.
- › High-efficiency intercooler incorporating Laminova® tubes.
- › Estimated installation time 6-8 hours.
- › Manufactured under ISO9001 oversight.
- › Sprintex system parts are warranted for 12 months or 12,000 miles.
- › Engineered and tested to OEM specifications - ISO9001, ISO14001 and TS16949 standards
- › Uses stock filter housing.
- › High quality materials and finishes.
