

DODGE CHALLENGER
3.6L V6 PENTASTAR

INCREASE YOUR POWER & TORQUE

Power increase
246whp to 338whp

Torque increase
225lb/ft. to 308lb/ft.

*with standard pulley supplied

MSRP: \$6,955 * AUD incl. GST
+ installation

* Pricing subject to change without notice and
subject to applicable taxes

Available for:

2012-2015 3.6L V6 Pentastar engine Challenger

Features:

- > S5-335 ultra efficient twin screw compressor providing a denser charge for more power and torque, particularly at low rpm
- > S5-335 producing air flow of up to 740 cu ft/min
- > Three cycle process of intake, compression and discharge providing immediate boost and eliminating lag
- > Twin Screw linear efficiency increasing volume of air forcibly inducted into the engine
- > Compact and high efficiency water to air intercooler system incorporating Laminova® tubes producing greater air mass for improved and more consistent performance
- > Completely bolt on and fully reversible with all components supplied pre-assembled
- > Engineered and tested to OEM specifications
- > Torque and HP increases > 50%
- > 0 – 60 mph < 5.0 seconds
- > Fully integrated supercharger system (not a self assemble kit).
- > Estimated installation time of 3-4 hours.
- > Manufactured under ISO9001.
- > Sprintex system parts are warranted for 12 months or 12,000 miles / 20,000Kms.
